Loan Processed Annually

We aren't just moving data; we're moving the needle for thousands of businesses and individuals, ensuring capital gets where it's needed most.

THE FACTS

/1

3x Productivity Boost: Eliminate bottlenecks and triple your team's output without increasing manual effort.

/2

130,000+ Hours Saved: Reclaim years of collective time by automating repetitive tasks and manual workflows.

/3

Zero-Lag Execution: Transform weeks of processing time into real-time intelligent, error-free automated execution.

Custom trained Models

Our finetuned SOTA AI models have already proven to match the benchmarks of the SOTA models, In partnership with Govt. of Karnataka we have custom models for local/dialect language(Kannada) understanding in visual and audio.

NEWRON.AI:

GEN AI AUTOMATION FOR MODERN ENTERPRISE.

WE BUILD AI AGENTS DESIGNED FOR HIGH-STAKES DECISIONS IN COMPLEX, REGULATED ENVIRONMENTS - HELPING ENTERPRISES AUTOMATE WITH CONFIDENCE AND CONTROL.

WE TURN DATA INTO ACTION WITH SECURE, EXPLAINABLE, AND SCALABLE WORKFLOWS THAT INTEGRATE SEAMLESSLY INTO EXISTING SYSTEMS.

We make growth happen with trust

Newron.ai

WHAT YOU CAN DO

Sophisticated AI. Zero Workflow Friction.

Newron AI provides secure, specialized agents for BFSI, Retail and Healthcare that slide directly into your existing traditional workflows. By training on thousands of real-world datasets, we've cracked the code on disrupting complex processes like Credit Underwriting, RCM, and Account reconciliation - providing the power of automation with zero downtime.
